

George Vourkas

Computer Science Undergraduate Student

ABOUT ME

I am a Computer Science student based in Thessaloniki, Greece. I'm passionate about crafting intuitive, engaging and user-focused digital experiences that people love to use. I enjoy exploring new technologies and finding creative, meaningful ways to bring ideas to life.

EXPERIENCE

• **Printing Office, Kastoria** - Freelance Web Developer 2024

Developed and launched a responsive multi-page website using HTML, CSS and JavaScript

• **Dataviva, Thessaloniki**- Intern Fullstack Developer 2026

Part of a team developing web applications using **Spring Boot** and **Angular**. Contributed to fullstack feature development, RESTful API integration, and UI application optimization.

EDUCATION

• **Vocational High School, Kastoria** - Computer Science, Network Technician - Grade: 19.8 / 20

• **University of Macedonia, Thessaloniki** - Applied informatics, Computer Science - Estimated Graduation - 2026

TECHNOLOGIES

Languages & Frameworks

- **Languages:** JavaScript, Typescript, Java, HTML, CSS, SQL, Python
- **Frontend:** React, Angular, Tailwind CSS
- **Backend:** Spring Boot, Node.js

Tools & Platform

- **Version Control:** Git, GitHub
- **Dev Tools:** Chrome DevTools, Command Line/Terminal, Postman
- **Design:** UI Design Principles, Responsive Web Design, Figma

PROJECTS

• **AI Recipe Generator** - React application

Built an AI-powered web application using React and an AI API to generate personalized recipes based on user-input ingredients and Springboot to save the recipes in the application library.

• **Weather App** - React application

Developed a responsive weather forecast application using React and the OpenWeather API to display real-time weather data for any location.

• **Global Landmarks API** - Node.js REST API

Service featuring advanced filtering via query parameters for curated geographical datasets focused on clean API design.

SKILLS

- **Problem - Solving**
- **Adaptability**
- **Time Management**
- **Constructive Feedback**

CERTIFICATIONS

By Scrimba:

- **Intro to AI engineering**
- **Javascript**
- **React**
- **Command Line**
- **UI Design**
- **Tailwind CSS**
- **Data Structures and Algorithms**

LANGUAGES

- **Greek:** Native
- **English:** Upper Intermediate (B2) University of Michigan
